

# THE FALCON FORUM

## ADMINISTRATIVE CORNER

*It's hard to believe that the first quarter is over!  
Please continue to monitor your child's progress  
through eSembler.*

*Congratulations to the class of 2015 for winning our  
first checkered flag of the year. All classes are doing  
well in the Falcon 500. Stay tuned for Honor Roll  
certificates and On Track cards as they will be  
distributed to students soon.*

*On behalf of the faculty and staff, we wish you and  
your family a happy and safe Thanksgiving!*

*- Angie Stone, Principal*

### PARKING LOT SAFETY ISSUE

Since the last issue of the newsletter, the dropping off of students in the front parking area has gotten a little better. Unfortunately, there are still many parents dropping their students off in the left lane. **Students are to be dropped off in the RIGHT LANE ONLY.** The **LEFT** lane is for **EMPLOYEES and VISITORS ONLY** to get into the parking area of the school. We ask you to **PLEASE** adhere to this rule; it's not only for the safety of the students but also for the employees to get to their classrooms/office's on time. We ask that you kindly respect the rules of the school. Thank you for your assistance with this very important matter.

### Spring Break Trip to: Berlin, Prague, German Concentration Camps, Krakow, and Budapest:

This is an educational trip for students and/or parents. It is not directly associated with Fivay HS or Pasco County but is open to students of any high school. There will be a parent information night in the Fivay HS cafeteria Thursday October 4th at 6:30 pm. Please contact Mr. Borruso ([bborruso@pasco.k12.fl.us](mailto:bborruso@pasco.k12.fl.us)) or Ms. Owen ([eowen@pasco.k12.fl.us](mailto:eowen@pasco.k12.fl.us)) if you have any questions.

**Falcon Friends** social inclusion club for students with autism hosted a successful car wash on October 6th. We look forward to possibly having another one in the spring. We also have a school-based enterprise selling homemade dog treats. They sell for \$2.50/dozen. Contact Ms. Linard or Mrs. Hontz to order. Deliveries to the classrooms are made on Friday. In addition, the Falcon Friends Club will have 2 booths at the Fall Festival, karaoke and popcorn.

### Achoo.....Cover that sneeze or cough

With an average sneeze speed of 90 mph, not only is it polite to cover your mouth, but it is also vital to prevent the spread of germs to others. If tissues are not available, cough or sneeze into your sleeve or the inside of your elbow --- **NOT IN YOUR HANDS!** If you use a tissue, throw it out immediately – **don't put it in your pocket or purse.** Then, give your hands a good washing. Remember, keeping your hands away from your mouth, nose, or eyes will also help stop the spread of germs.

### Are Your Hands Happy?

Keeping your hands clean is one of the best ways to keep from getting sick and spreading illnesses. Cleaning your hands gets rid of germs you pick up from other people...from the surfaces you touch...and from the animals you come in contact with.

#### When to Wash:

- Before eating.
- Before, during, and after handling or preparing food.
- After contact with blood or body fluids (like vomit, nasal secretions, or saliva).
- After changing a diaper.
- After you use the bathroom.
- After handling animals, their toys, leashes, or waste.
- After touching something that could be contaminated (such as a trash can, cleaning cloth, drain, or soil).
- Before dressing a wound, giving medicine, or inserting contact lenses.
- More often when someone in your home is sick.
- Whenever they look dirty.
