

FCAT Explorer

FCAT Explorer is designed to help students practice the skills outlined in the Sunshine State Standards. Students can use the program from any computer with the required Web browser and Internet access. FCAT Explorer can be used in the classroom, computer lab, or library. Students can even use the FCAT Explorer at home.

The username for a student is the full last name and first initial of the legal first name.

The password is the district ID, which is 51, the first 4 letters of the student's last name, the student's birthday, and the student's birth month (2 digits) and birth date (2 digits).

Go to <http://www.fcatexplorer.com/> to start practicing!

See Coach Durchik in the media center if you have any questions.
