

FHS mySchool Online
Expectations and Reminders
As of 9/16/202

When enrolled in the mySchool Online, it is expected that you attend every class period, every day (during your scheduled class period time). You should attend through the Zoom links that your teachers have posted on the Welcome Pages or announcements of their courses. We also want to remind you that the Zooms are **not optional**. Attending the zoom is how the teacher takes attendance, engages students in class discussions, and facilitates learning. Your attendance will be managed in myStudent. Grading will primarily take place in the MyLearning platform. myStudent will house grades for progress reports, reports cards and semester grades. Please check the announcements in your course to obtain direct communication regarding grading.

During classroom time, Falcons are expected to be ABOVE THE LINE. Falcons should be ready to learn:

- Set up a space to do your work
- Make sure your Zoom account in your official school name*
- Video feed should be on, unless otherwise directed by the teacher
- Follow the school dress code
- Be present and participate
- Follow FHS Shared Values for classroom expectations: Be Respectful, Be Responsible, Be a Problem Solver

*If students do not use their own name, they will be removed from or denied entry into Zoom and marked absent

Parents are encouraged to monitor their student's engagement via a parent observation account. Directions to create one can be found here: [Parent Observation Account](#).
